Flutter Developer

Detail-oriented and creative Flutter Developer with a strong foundation in mobile app development and cross-platform programming. Adept in Dart, Flutter SDK, Firebase, RESTful APIs, and UI/UX principles. Experienced in building responsive, scalable mobile applications and integrating backend services. Strong team player with a passion for solving complex problems and delivering user-centric solutions.

EDUCATION

B.Tech in Electronics Engineering

Rajkiya Engineering College, Sonbhadra • GPA: 7.21/10

01/2018 - 01/2022

Higher Secondary (Class 12th)

Army Public School, Hempur • GPA: 79.60%

01/2016 - 01/2017

Secondary School (Class 10th)

Army Public School, Hempur • GPA: 7.6/10

01/2014 - 01/2015

PROJECTS

Smart House Automation

- Using internet-connected devices to remotely control and monitor various aspects of a home via a smartphone or tablet.
- Tech Stack: Wi-Fi Module, Arduino, Proteus

Wireless Robot Car

- Developed a robot car controlled via Wi-Fi using embedded systems. Programmed logic for real-time command processing.
- Tech Stack: C/C++, Wi-Fi module, Arduino

Li-Fi Data Transmission System

- Designed a prototype using visible light to transmit data between devices for faster and secure communication.
- Tools: Proteus, OptiSystem

VOLUNTEERING & LEADERSHIP

Society of Exploration and Innovation in Electronics

Event Coordinator

07/2018 - 06/2022

Sonbhadra, Uttar Pradesh

Planned and managed various tech events at the college.

SKILLS

- **Languages & Frameworks:** C, C++, Dart, Flutter, JavaScript, Python
- **Mobile/Frontend Tools:** Android Studio, CSS, Flutter SDK, HTML, PHP, React
- **Backend & Databases:** Firebase, MySQL, REST APIs
- **Tools & Platforms:** Git, MATLAB, OptiSystem, Proteus, Visual Studio
- **Operating Systems:** Linux, Mac OS, Windows
- **Others:** Adobe Photoshop, Microsoft Office, Premiere Pro
- **Professional Competencies:** Agile & Collaborative Development, Cross-platform Mobile Development, Firebase Authentication & Realtime DB, REST API Integration, UI/UX Design Principles, Version Control (Git)
- **Languages:** English, Hindi
- **Keywords for ATS Optimization:** Agile, Android Studio, Cross-platform App Development, Dart, Firebase, Flutter, Git, JSON, Material Design, Push Notifications, RESTful APIs, SQLite, State Management (Provider, Bloc), UI/UX Design
